**D**eluxe keypad shows the status of your system at a glance.

Protection for your home starts with the powerful deluxe keypad. It's sleek and economical – instead of blinking lights or confusing symbols, a liquid crystal display shows, at-a-glance, written status of your system.

**Rich features for your family's comfort**

Other user-friendly features include simplified commands, backlit easy-touch keys for daytime and nighttime use, and telephone touchpad configuration of your system. A removable door lets you choose how you want your keypad to look. Once mounted, the compact console blends unobtrusively with decor. Emergency functions can also be programmed into your keypad.
