

Our premier keypad takes the guess work out of security.

Greater protection for your family and home.

Greater peace of mind for you. The premier keypad provides enhanced security and the utmost in user-friendly convenience. Instead of blinking lights or codes, the keypad displays large, easy-to-read *customized* English messages.

Premier Keypad

Customized messages are clearly displayed, so you know the status of your system immediately.

Making security simple & convenient

Each protection zone is identified by name (for example, "JOHNNY'S BEDROOM WINDOW"), so you know, at a glance, the status of your security system. The touchpad, arranged like telephone keys, is backlit for greater visibility, with clearly marked system functions. The sleek console, which blends in with your decor, features a removable door.
