

# LYNX brings security and convenience into your lifestyle.

LYNX is the security solution that simplifies your life. Its integrated design features a full 16-button keypad display, siren, dialer and wireless receiver in one sleek unit that blends in with any decor. And LYNX can be mounted on any wall or tabletop. Designed for wireless installation, LYNX is professionally installed in your home cleanly and efficiently.

# LYNX

*With LYNX, your family will enjoy peace of mind and security for many years to come.*

## LYNX makes security simple

LYNX combines powerful security and everyday conveniences, like its advanced voice response system that actually speaks to you in plain-English, and a Family Message Center that allows you to record and playback voice messages. LYNX can even page you to let you know that your child has arrived home safely from school.

**ADEMCO  
GROUP**

Since our founding nearly 70 years ago, the ADEMCO Group has helped shape the security industry. As the world's largest designer and manufacturer of electronic security systems, ADEMCO produces over 1,500 different products. We protect 15 million homes, businesses, museums and government buildings. With ADEMCO, you're protecting your home and family with the finest security technology available today.

## Designed for your ease and convenience

- **Full Voice Response** indicates system status and zone descriptions in plain-English.
- **Crystal Clear LCD Display** provides system status, a real-time clock display and an indicator that lets you know when there's a message waiting for you.
- **Full-function 16 Button Keypad** puts a wide range of security and convenience features at your fingertips.
- **Automatic Paging** sends a message to your pager when your kids have arrived home from school. Will also notify you of a change of condition in your home.
- **Light Control** can turn lights or other devices in your home on or off.
- **Single-button Operation** lets you perform a variety of functions with the touch of a button like arming your system and paging a family member to call home.
- **Family Message Center w/ Built-in Microphone** allows you and your family members to record and playback brief messages and reminders.

## Built to meet the highest standards in the industry

*This product is ISO-9001 certified, an international standard of quality. In addition, LYNX meets ADEMCO's rigorous standards of proven performance, reliability and cost-effectiveness.*
