

The Quick Install Lynx offers power, protection and versatility.

The all-in-one, integrated design of the Lynx gives you installation flexibility for every job with the proven reliability of ADEMCO's powerful technology. Designed for a quick install, the Lynx is a control panel, keypad, siren and dialer in one sleek unit that supports all 5800 wireless devices and sensors.

The Lynx does more than traditional security, while giving your customers the features they want - everyday convenience and remote control.

Powerful features to satisfy demanding installations:

- ◆ 24 wireless zones of protection; one hardwired zone loop
- ◆ 4 wireless keys without using zones
- ◆ Real time clock
- ◆ Full 16-button keypad with easy to read LCD display and status LEDs
- ◆ Wall or optional desk-top mounting
- ◆ 85db internal siren
- ◆ Output trigger
- ◆ Internal speaker and microphone
- ◆ X-10 support
- ◆ 8 user codes
- ◆ 84 event log

With its uncompromising technology and reliability, the Lynx is as easy to install as it is to use.

End users will appreciate the easy to use convenience and control features of the Lynx:

- ◆ Voice response with a vocabulary of 70 words
- ◆ Message center that records and plays back voice messages
- ◆ Wireless remote offering single button control of system from a wireless device:
 - 5804 – four button programmable wireless key
 - 5804BD – bi-directional button programmable wireless key
- ◆ Single or dual button wireless personal panic: 5802MN and 5802MN2
- ◆ Home automation features to activate lights, appliances, garage doors, and numerous other devices
- ◆ Quick exit that enables users to leave the house for a brief time without disarming the system
- ◆ Chime by zone, used when the system is disarmed, programs entrance and exit points to chime when opened
- ◆ Paging capability for openings, closings, alarm and trouble messages to be sent directly to a pager, confirming system status; parents can use this feature to verify that their children have arrived home
