Serial Number Worksheet

Detectors

Note: SIGA-IM Isolator modules require one detector address.

To log detector serial numbers:

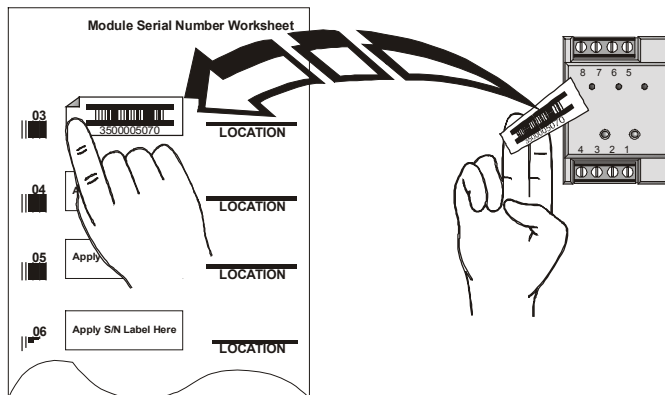

1. Identify detector type, location, and address on building plans.
2. Remove the bar code from the detector and stick it on the box next to the device's address.
3. Fill in the detector's location in the location box.

Modules

To log detector serial numbers:

1. Identify module type, location, and address on building plans.
2. Remove the bar code from the module and stick it on the box next to the device's address.
3. Fill in the module's location in the location box.
